HOW TO CONTACT THE IEEE

IEEE OPERATIONS CENTER

445 Hoes Lane, P.O. Box 1331

Piscataway, NJ 08855-1331, USA

Web: www.ieee.org/memberservices

Phone: +1 732 981 0060 (worldwide)

Phone: +1 800 678 4333 (USA & Canada)

Fax: +1 732 562 5445

For the latest IEEE news, visit our Web site at:

www.ieee.org

Special Interest Memberships and Subscriptions

To maximize your membership value, customize your membership with options that target your specific interests:

- >> **IEEE Societies:** The IEEE has 39 societies you can join, each with a specific technical or professional focus.
- >> **IEEE Publications:** Society memberships often include valuable transactions and magazines. You can also subscribe to additional publications that interest you.
- >> **Other Options to Consider:** Join the IEEE Standards Association or IEEE Women in Engineering.

Plan to get the most from your membership in 2007 by exploring the offerings explained in this guide.

Instructions for Renewing Members & Society Affiliates

ARE YOU A RENEWING MEMBER?

- > Save time. Save money. Renew online at www.ieee.org/renewal. Look for details in the letter included in your renewal packet.
- > Refer to your renewal notice for detailed instructions on completing the renewal process.

REDUCED DUES PROGRAM

- > If you are a student or graduate student taking at least 50% of a full-time academic program in an IEEE-related field, or your employment status has changed, refer to the Special Circumstances Application on page 41 to see if you meet the requirements for several available Reduced Dues Programs.

ARE YOU A RENEWING SOCIETY AFFILIATE?

- > Renew online at www.ieee.org/renewal. Look for details in the letter included in your renewal packet.
- > You must pay a US\$62 IEEE Affiliation fee in addition to the Society fee for each IEEE Society to which you belong. You may save money by joining the IEEE as a member. Join the IEEE by selecting membership when you renew on the Web or contact IEEE Member Services.

Instructions for New Members

ARE YOU A NEW IEEE MEMBER FOR 2007?

- > You can customize your membership at www.ieee.org/addnewservices or use the application on page 40.
- > **IMPORTANT NOTE ON PRICING:** Full-year prices are in effect from 16 August 2006 through 28 February 2007. From 1 March 2007 through 15 August 2007, pay only half the full-year price. Please round up to the nearest dollar. For example, if the full-year price is US\$15 the half-year rate will be US\$8. Air-freight prices are full-year only.

Here's What's New

NEW PUBLICATIONS

IEEE TRANSACTIONS ON BIOMEDICAL CIRCUITS AND SYSTEMS

This publication will cover circuit and system design issues in a wide range of applications found in biomedical and life sciences, with a focus on realizing ultra low power, mixed-signal electronics in nanoscale technologies. Examples of covered technical areas include bioelectronics, implantable electronics, micropower imaging technology, bioMEMS, lab-on-chip bio-nanotechnology, gene circuits and molecular circuit fabrics, and information technology for biomedicine. See pages 9, 12, 18, and 36.

IEEE INDUSTRIAL ELECTRONICS MAGAZINE

This publication will publish peer-reviewed articles that present emerging trends and practices in industrial electronics product research and development, key insights, and tutorial surveys in the theory and application of electronics, controls, communications, instrumentation and computational intelligence to industrial and manufacturing systems. See pages 20 and 37.

IEEE JOURNAL OF SELECTED TOPICS IN SIGNAL PROCESSING

Each issue of this publication will cover a single topical area related to: the theory and application of filtering, coding, transmitting, estimating, detecting, analyzing, recognizing, synthesizing, recording, and reproducing signals by digital or analog devices or techniques with a tutorial-style article supported by several, shorter articles. This journal will examine breakthroughs in signal processing at the nexus of other technical and scientific disciplines. See page 30.

IEEE NANOTECHNOLOGY MAGAZINE

This publication is targeted toward a broad audience including practicing engineers and students. The contents will include application oriented articles as well as tutorials, surveys, industry news, research news, education news, policy news, opinion pieces, book reviews, updates on people, introduction to new tools and techniques, funding and meetings news, patent summary, and commercialization. See page 34.

IEEE TRANSACTIONS ON NETWORK AND SERVICE MANAGEMENT

This publication will cover state-of-art and practical applications of network and service management including both theoretical research and applied contributions. Topics include the key technical issues related to management models, architectures and frameworks, service provision-

for 2007

ing, reliability and quality assurance, management functions, enabling technologies for management, information and communication models, policies, and management applications and case studies. See pages 11 and 37.

IEEE SYSTEMS JOURNAL

This publication provides a systems-level, focused forum for application-oriented manuscripts that address complex systems and system-of-systems of national and global significance, including complexity, integration, inter-operability, dynamics, communication, effectiveness, ethics, and completeness. See page 35.

NEW DIGITAL LIBRARY

IEEE GEOSCIENCE AND REMOTE SENSING CONFERENCE DIGITAL LIBRARY

Access at www.ieee.org/ieeexplore to IEEE International Geoscience and Remote Sensing Symposium (IGARSS), IEEE Workshop on Remote Sensing of Atmospheric Aerosols, IEEE Workshop on Automatic Identification Advanced Technologies, International Workshop on Analysis of Multi-Temporal Remote Sensing Images, and IEEE International Conference on Ground Penetrating Radar. See pages 20 and 37.

IEEE INFORMATION THEORY CONFERENCE DIGITAL LIBRARY

Includes access at www.ieee.org/ieeexplore to IEEE International Symposium on Information Theory, IEEE Information Theory Workshops, and other conferences and workshops sponsored or cosponsored by IT. See page 22.

ADDITIONAL NEW FEATURES

EXPERT NOW IEEE

Short courses and workshops delivered online in one-hour learning modules offering Continuing Education Units (CEUs) or Professional Development Hours (PDH) to help maintain licensing or certification.

IEEE.tv

An Internet broadcasting network featuring programming about technology and engineering.

IEEE MENTORING CONNECTION™

An online tool matching younger IEEE members seeking professional guidance and counseling with veteran IEEE members willing to share their knowledge and life experience.

IEEE ONLINE MEMBERSHIP DIRECTORY

A fully searchable database to help expand your peer-to-peer networking opportunities. Launching in 2007.

Payment Information

Methods of payment

> Credit Card

Visa (IEEE or other), MasterCard (IEEE or other), American Express, Diners Club

> Check or Money Order

Payable to the IEEE in U.S. dollars drawn on a U.S. bank account. Please include member name and number on your check.

> Company Payments

Individual employee - payment advice, check or check stub should include your name, member number and the Return portion of your renewal.

Multiple employees - company must provide names, member numbers, and amount intended for each employee along with the Return portion of the renewals. (NOTE: A company purchase order cannot be accepted for payment.)

> Canadian Taxes

All supplies, which include dues, Society membership fees, and publications (except CD-ROM and DVD media), shipped to locations within Canada are subject to the GST of 6% or the HST of 14%, depending on the Province to which the materials are shipped. GST and HST do not apply to Regional Assessments. (IEEE Canadian Business Number 12563 4188 RT0001)

> European Union VAT Tax

In accordance with the European Union Council Directives 2002/38/EC and 77/388/EEC amended by Council Regulation (EC)792/2002, IEEE is required to charge and collect VAT taxes on electronic/digitized products to private consumers that are located in the European Union. The VAT tax rate applied is the EU member country rate where the consumer is resident. (IEEE EU VAT Tax ID 826000081)

> U.S. Sales Taxes

Please add applicable sales tax to the cost of the following publications if shipped to: **Alabama:** All publications • **Arizona:** All publications (except CD-ROM, DVD and Print/CD-ROM combo media) • **California:** All publications (except online, print, and online-print combo media) • **Colorado:** All publications • **District of Columbia:** All publications • **Florida:** All publications in CD-ROM, DVD and Print/CD-Rom combo media • **Georgia:** All publications (except online media) • **Indiana:** All publications (except CD-ROM, DVD and Print/CD-Rom combo media)

• **Kentucky:** All publications • **Maryland:** All publications (except online media) • **Michigan:** All publications in CD-ROM, DVD and Print/CD-ROM combo media • **Missouri:** Electronic/Print Combo and Print publications • **New Jersey:** All publications in CD-ROM, DVD and Print/CD-ROM combo media • **New Mexico:** All publications (except CD-ROM, DVD and Print/CD-ROM combo media) • **New York:** All publications (except electronic, electronic/print combo media and print media) • **North Carolina:** All publications in CD-ROM, DVD and Print/CD-ROM combo media) • **Ohio and Oklahoma:** CD-ROM, DVD and Print/CD-ROM combo media • **West Virginia:** All publications • **Wisconsin:** All publications in CD-ROM, DVD and Print/CD-ROM combo media.

> **IEEE Regional Assessments**

Your renewal invoice reflects 2007 dues and regional assessments based on where you live. Regional assessments are payments required of members and approved by the IEEE Board of Directors that are returned to the Regions to support Region, Section and Chapter products, services and programs. For more information, call +1 732 562 5501. (Does not apply to IEEE Society Affiliates or IEEE Student Members.)

> **Receipts**

A copy of your “RETURN” invoice and proof of payment (e.g., credit card statement) can serve as your receipt.

> **Air Freight Delivery**

Available to all subscribers outside of the United States, Canada and Mexico. Air freight is not available for prior year subscriptions, replacement issues. Estimated delivery times for surface mail are: USA, Puerto Rico & Canada: 7-14 days • All other areas: 14-30 days. Local delivery within individual countries may extend beyond the above quoted times.

> **Delivery Policy**

Ordered journals, magazines and other periodicals are deemed delivered to the member upon IEEE submission of the periodical materials to the U.S. Postal Service (“USPS”) for member addresses in the United States or Canada or to a USPS postal qualified wholesaler for addresses in other countries, with prepaid postage or charges as required for the relevant service class and destination, addressed to the address provided by the member. Upon satisfying such delivery conditions, IEEE is without further responsibility or risk and no dues or fees shall be subject to any refund for periodicals non-receipt caused for any reason. When IEEE is advised of such failed receipt of periodical materials and is provided with a corrected address if needed, it will resend a replacement copy of the non-received materials (if available), but has no other duty or obligation.

IEEE Foundation

Technological Literacy *Matters!*

During the last century, society has experienced more dramatic changes brought about by technology than ever before in history. Just by looking around our homes and offices, we can easily see how technology is playing an ever-increasing role in how we communicate, sustain our environment, safeguard our health, as well as protect our privacy and economic well being. As the philanthropic arm of the IEEE, the IEEE Foundation raises and distributes millions of dollars for philanthropic programs that advance technology and education for the benefit of humanity and society as a whole.

The mission of the IEEE Foundation is to support activities that further the scientific and educational purposes of the IEEE. The IEEE Foundation achieves its mission in two ways. The first is through the awarding of grants to new and innovative programs that seek to improve the world's technological literacy from childhood through adulthood. The second is by serving as the fund administrator for over 100 restricted funds that support a variety of educational, historical, and peer recognition programs of IEEE units.

Each year, the IEEE Foundation continues to make strides in its efforts as it continually reaches out and touches more and more students, educators, historians, engineers - the world. Thanks, in large part, to the generous contributions made by IEEE members in their last IEEE dues renewal, during 2005, the IEEE Foundation:

- **Awarded US\$300,000 in grants to eighteen new and innovative projects;**
- **Invested US\$250,000 in programs of the IEEE History Center;**
- **Expended over US\$150,000 on IEEE programs designed to aid students as they pursue their education and research interests;**
- **Paid out over US\$625,000 in cash honoraria and prize items associated with presentation of a variety of peer recognition awards.**

This is just the beginning. There is much more that needs to be done to ensure that the next generation is able to understand, sustain, and support technology's continued development. By making a gift to the IEEE Foundation General Fund through your dues renewal, you will be helping the IEEE Foundation be better prepared to support IEEE activities now and into the future. In addition to making a gift through your dues renewal, please consider naming the IEEE Foundation as a beneficiary in your will, trust, retirement plan or life insurance policy. To learn more about the IEEE Foundation and how you can support its philanthropic activities, visit www.ieeefoundation.org or contact the IEEE Development Office by electronic mail at supportieee@ieee.org or by telephone at +1 732 562 5550. **Remember - Technological Literacy *Matters!***

IEEE Societies

Add value to your membership by joining one or more of the IEEE's 39 industry-leading technical Societies or by taking advantage of two other membership options (see page 39). In many cases you must be a Society member to purchase that Society's publications. For exceptions see page 36. For more information, contact the IEEE Technical Activities Department:

>>**Web:** www.ieee.org/tab

>>**Email:** technical.activities@ieee.org

>>**Phone:** +1 732 562 3851

Please note: subscriptions purchased by IEEE members at the member price are intended for member's personal use only.

Access IEEE publications online via IEEE Xplore®

Meet your research needs with IEEE Xplore® — the online delivery system for IEEE scientific and technical information. IEEE Members can search transactions, journals, magazines, and conference proceedings published since 1988 (plus select titles to 1950 or earlier) and current IEEE standards. IEEE Members can also view the full abstract/citation records for IEEE and all articles in *IEEE Spectrum* magazine. Everyone can browse the complete collection of tables of contents and basic abstracts. Full-text access is based on an active online subscription. Online access rules subject to change www.ieee.org/ieeexplore

IEEE Aerospace and Electronic Systems Society (AES)

The Society member interests cover the design, integration, test, and analysis of large, complex systems consisting of major subsystems that contain dissimilar electronic devices. Most of our members work on sensor systems (radar, sonar, optics, and navigation), communications systems, command and control centers, avionics, space systems, military systems, digital signal processing simulators, and software development. Some members work on robotics, energy, and transportation systems.

MEMBERSHIP INCLUDES: (SOC ID 010-762P)

IEEE Computer Society (C)

The Society covers all major areas of computing and information technology including computer hardware, software development, multimedia, IT, security, networking, mobile computing, and more.

Members get free access to hundreds of online training courses for Java, Cisco, XML, project management, IT security and more. Members also get free access to an extensive collection of online books on a variety of technology topics. And many other valuable benefits. Please visit **computer.org** for details.

Members of both ACM and IEEE Computer Society, write your ACM membership number on your renewal invoice and subtract \$5.00 from the total. **(Discount not applicable to Students, Affiliates or others who pay reduced rates.)**

MEMBERSHIP INCLUDES: (SOC ID 016-768P) \$48

Computer Magazine

Freq 12x/yr (print & electronic)

AVAILABLE TO COMPUTER SOCIETY MEMBERS:

IEEE Computer Society Digital Library

Calendar year access to 22 Society periodicals with full archives, plus more than 2,000 conference publications.

Electronic PUB ID 016-724E \$119

Computers, IEEE Trans. on

Freq 12x/yr PUB ID 016-700P (print & electronic) \$45

Pattern Analysis and Machine Intelligence, IEEE Trans. on

Freq 12x/yr PUB ID 023-702P (print & electronic) \$49

IEEE Dielectrics and Electrical Insulation Society (DEI)

The Society covers insulation materials, insulation systems, dielectric phenomena and discharges in vacuum, gaseous, liquid and solid electrical materials, and the utilization of dielectric materials in various environmental conditions.

MEMBERSHIP INCLUDES: (SOC ID 032-3141) \$20

IEEE Electrical Insulation Magazine

Freq 6x/yr (print) (Air freight add: \$37)

Online access to IEEE Trans. on Dielectrics and Electrical Insulation at www.ieee.org/ieeexplore

AVAILABLE TO DEI MEMBERS:

Dielectrics and Electrical Insulation, IEEE Trans. on

Online access included with membership

Freq 6x/yr PUB ID 032-1301 (print) (Air freight add: \$64) \$20

Applied Superconductivity, IEEE Trans. on

For subscription information to this Council publication see page 35.

IEEE Sensors Journal

For subscription information to this Council publication see page 35.

IEEE Education Society (E)

The Society covers educational methods, technology, and professional development programs within the electrical engineering disciplines.

MEMBERSHIP INCLUDES: (SOC ID 025-770P) \$20

Society Newsletter - The Interface (print)

Education, IEEE Trans. on

Freq 4x/yr (print & electronic) (Air freight add: \$40)

IEEE Electromagnetic Compatibility Society (EMC)

The Society encompasses the design, integration, testing, and analysis of electrotechnology products and systems to control radiated and conducted interference. It strives for EMC enhancement through engineering standards and education.

MEMBERSHIP INCLUDES: (SOC ID 027-0271)

\$25

Society Newsletter (print)

Online access to IEEE Trans. on Electromagnetic Compatibility

at www.ieee.org/ieeexplore

AVAILABLE TO EMC MEMBERS:

Electromagnetic Compatibility, IEEE Trans. on

Online access included with membership

Freq 4x/yr PUB ID 027-1261 (print) (Air freight add: \$47)

\$15

Mobile Computing, IEEE Trans. on

Freq 12x/yr PUB ID 027-740P (print & electronic)

IEEE Intelligent Transportation Systems Society (ITSS)

The Society covers the theoretical, experimental and operational aspects of electrical and electronics engineering and information technologies as applied to Intelligent Transportation Systems (ITS). Intelligent Transportation Systems are defined as those systems utilizing synergistic technologies and systems engineering concepts to develop and improve transportation systems of all kinds.

MEMBERSHIP INCLUDES: (SOC ID 038-0381) \$25

Society Newsletter (electronic)

Available at www.ewh.ieee.org/tc/its

Online access to IEEE Trans. on Intelligent Transportation Systems at www.ieee.org/ieeexplore

AVAILABLE TO ITSS MEMBERS:

Intelligent Transportation Systems, IEEE Trans. on

Online access included with membership

Freq 4x/yr PUB ID 038-1851 (print) (Air freight add: \$25) \$6

IEEE Lasers and Electro-Optics Society (LEO)

The Society encompasses all aspects of opto-electronic and photonic materials, devices, and systems; from research and development, to design and manufacture.

MEMBERSHIP INCLUDES: (SOC ID 036-747E) \$25

Society Newsletter (print)

IEEE Lasers and Electro-Optics Society Digital Library

Includes electronic access to PTL, JLT, JQE, JSTQE, and conference proceedings for the LEOS Annual Meeting, LEOS Summer Topical Meetings, LEOS International Semiconductor Laser Conference, LEOS International Conference on Optical MEMS, OFC/NFOEC, CLEO/QELS, and others.

Electronic at www.ieee.org/ieeexplore

AVAILABLE TO LEOS MEMBERS:

IEEE Photonics Technology Letters

Online access included with membership

Freq 6x/yr PUB ID 036-1481 (print) (Air freight add: \$68) \$45

IEEE Microwave Theory and Techniques Society (MTT)

The Society covers microwave theory, techniques and applications of RF, microwave, guided wave and wireless technologies, as they relate to components, devices, circuits, transmission lines, and systems involving the generation, modulation, demodulation, control, transmission, detection, and effects of electromagnetic signals. This includes topics such as active devices and circuits and passive components including radio frequency and microwave/millimeter-wave integrated circuits (RFICs and MMICs), microwave photonics, microelectromechanical devices, transmit/receive modules and system on package and use of such technologies for applications such as wireless, sensing, high speed digital, medical, and integrated smart and phased array antenna systems. Also covered are measurement techniques and complementary computer aided design, modeling and simulation and much more. It shall include scientific, technical, and industrial activities.

MEMBERSHIP INCLUDES: (SOC ID 017-795P)

\$14

IEEE Microwave Magazine

Freq 6x/yr (print & electronic) (Air freight add: \$42)

Online access to IEEE/OSA Journal of Lightwave Technology

Electronic PUB ID 031-442E \$48

IEEE Product Safety Engineering Society (PSE)

This Society includes the theory, design, development and implementation of product safety engineering related to the process required for ensuring that electromechanical products are safe for use within a wide-range of environments. Dissemination of technical information to enhance personal product safety engineering skills is a primary focus of the Society.

MEMBERSHIP INCLUDES: (SOC ID 043-0431)

\$35

New! Society Newsletter (electronic)

Available at www.ewh.ieee.org/soc/pses

IEEE Online Community for Society Members

IEEE Professional Communication Society (PC)

The Society encompasses all aspects of communicating information relating to engineering and professional practices. The Society supports continuing education related to effective technical communication, researching and developing new communication techniques, and defining professional communication standards. Society interests include electronic information; technical documentation; user interfaces; usability studies; face-to-face, print, and electronic presentations; and specification and implementation of electronic publication, content management, and collaboration technologies.

MEMBERSHIP INCLUDES: (SOC ID 026-780P)

\$30

Society Newsletter (electronic)

IEEE Technical Councils

PUBLICATIONS AVAILABLE TO IEEE MEMBERS AND SOCIETY AFFILIATES

A Council is an inter-society group that focuses in a specific area of interest covered by the multiple Societies that sponsor the Council.

IEEE Council on Electronic Design Automation

The Council spans the theory, implementation and use of EDA/CAD tools to design integrated electronic circuits and systems. This includes tools that automate all levels of the design, analysis and verification of hardware and embedded software up to and including complete working systems.

Sponsoring Societies: AP, CAS, C, ED, MTT and SSC.

IEEE Nanotechnology Council

The Council is a multi-disciplinary group whose purpose is to advance and coordinate work in the field of Nanotechnology carried out throughout the IEEE in scientific, literary and educational areas. The Council supports the theory, design, and development of nanotechnology and its scientific, engineering, and industrial applications.

Sponsoring Societies: AES, AP, CAS, COM, CPMT, CIS, C, CS, ED, EMB, EMC, IE, IM, LEO, MAG, MTT, RL, RA, SMC, and UFFC.

AVAILABLE TO ALL IEEE MEMBERS & SOCIETY AFFILIATES:

Nanotechnology, IEEE Trans. on

Freq 6x/yr	PUB ID 500-192E	(electronic at www.ieee.org/ieeexplore)	\$25
	PUB ID 500-739P	(print & electronic) (Air freight add: \$20)	\$49

New! IEEE Nanotechnology Magazine

Freq 4x/yr	PUB ID 500-2091	(print) (Air freight add: \$12)	\$19
	PUB ID 500-209E	(electronic at www.ieee.org/ieeexplore)	\$19
	PUB ID 500-814P	(print & electronic) (Air freight add: \$12)	\$25

IEEE Sensors Council

The Council and its activities shall be the theory, design, fabrication, manufacturing and application of devices for sensing and transducing physical, chemical, and biological phenomena, with emphasis on the electronics, physics and reliability aspects of sensors and integrated sensor-actuators.

Sponsoring Societies: AES, BT, CAS, COM, CPMT, C, DEI, ED, EMB, GRS, IE, IA, IM, LEO, MAG, MTT, NPS, OE, PE, RA, SP, SSC, UFFC, and VT.

AVAILABLE TO ALL IEEE MEMBERS & SOCIETY AFFILIATES:

IEEE Sensors Journal

Freq 6x/yr	PUB ID 500-1861	(print) (Air freight add: \$36)	\$33
	PUB ID 500-186E	(electronic at www.ieee.org/ieeexplore)	\$25
	PUB ID 500-734P	(print & electronic)	\$46

IEEE Council on Superconductivity

The Council concentrates on the Science and Technology of Superconductors and their Applications. Its interests encompass Superconducting Electronics, Superconducting Power Applications, Superconducting Magnets and Devices, and Superconducting Materials.

Sponsoring Societies: COM, CPMT, DEI, ED, IM, MAG, MTT, PE, RL, and UFFC

AVAILABLE TO ALL IEEE MEMBERS & SOCIETY AFFILIATES:

Applied Superconductivity, IEEE Trans. on

Freq 4x/yr	PUB ID 500-1521 (print) (Air freight add: \$83)	\$28
	PUB ID 500-152E (electronic at www.ieee.org/ieeexplore)	\$28
	PUB ID 500-752P (print & electronic)	\$42

IEEE Systems Council

The Council integrates IEEE activities regarding aspects of multiple disciplines and specialty areas associated with the engineering of systems. This Council covers, but is not limited to the following: Systems engineering, education, standards, processes and methodologies; Modeling, simulation and integration related to design, testing, production and support; Design aspects for robust design, human factors, safety, security and usability; Transition of products from design to production, deployment and use; Quality control and system management; Program/product/project management interactions; Risk management; System architecture.

Sponsoring Societies: AES, CAS, CIS, COM, C, CS, EM, IM, MTT, OE, PEL, RL, RA, and SMC

AVAILABLE TO ALL IEEE MEMBERS & SOCIETY AFFILIATES:

New! IEEE Systems Journal

Freq 6x/yr	PUB ID 500-2121 (print) (Air freight add: \$17)	\$25
	PUB ID 500-212E (electronic at www.ieee.org/ieeexplore)	\$6
	PUB ID 500-816P (print & electronic)	\$30

IEEE Society Publications Available To IEEE Members And Society Affiliates

FREE! ELECTRONIC SOCIETY PUBLICATIONS

More Recommended Options

IEEE Standards Association (IEEE-SA)

The IEEE-SA is the leading developer of global industry standards in a broad range of industries, including: Power and Energy, Information Technology, Wireless Communications, Transportation, Biomedical Engineering, Nanotechnology and much more. Your participation gives you direct influence over the technological forces that will shape your industry, and ensure that tomorrow's products are safe, reliable, and compatible on a global scale - benefiting people worldwide, every day. The IEEE-SA standards development program offers balance, openness, due process, and consensus. The IEEE-SA conducts over 200 standards ballots per year, as proposed standards are voted upon for technical reliability and soundness. The IEEE-SA is a diverse community of technology leaders from corporations, organizations, universities, and government agencies. When you join the IEEE Standards Community, you will be part of a dynamic forum where technology innovators exchange ideas and share first hand knowledge. Visit us at www.standards.ieee.org for more information. Individual membership dues for IEEE members and affiliates are \$37. To join IEEE-SA, add "IEEE Standards Association", "PUB ID 508" to your renewal and add \$37 to your payment.

IEEE Women in Engineering (WIE)

The status and advancement of women in the engineering and science professions is the focus of this membership group. Goals include facilitating the development of programs and activities that promote the entry into and retention of women in engineering programs and enhancing the career advancement of women in the profession. **Membership fee: \$25, includes electronic access to the WIE Membership Directory at www.ieee.org/women/directory.** To join WIE, add "IEEE Women in Engineering", SOC ID WIE050 to your renewal (Free to Life Members, Students and Graduate Student Members. You must be an IEEE member to join: not available to Society Affiliates).

Application

TO CUSTOMIZE YOUR MEMBERSHIP

Important Instructions:

- >> Renewing members **CANNOT** use this application to renew existing Society memberships. Please refer to your renewal invoice.
- >> If you are a new IEEE member for 2007 or if you have **already renewed** for 2007, this application can be used to join Societies, subscribe to publications and apply for other membership options.
- >> Society Affiliates: add a Society Affiliation fee of US\$62 full-year/US\$31 half-year for each Society joined, plus Society Membership dues.
- >> Complete this application by printing clearly and return to: IEEE Member Services, P.O. Box 459, Piscataway, NJ 08855-0459, USA
- >> If you are paying by credit card, you can apply for Society membership or order a publication by phone: USA and Canada call +1 800 678 4333; worldwide call +1 732 981 0060; FAX: +1 732 981 0225; WEB: www.ieee.org/addnewservices

IEEE MEMBER NUMBER:

First/Given Name Middle Initial Last/Family Name/Surname

Mailing address for publications

City, State Province, Country and Postal Code

IMPORTANT NOTE ON PRICING: Pay full-year price from 16 August 2006 through 28 February 2007. From 1 March through 15 August 2007, pay half the full-year price. Please round up to the nearest dollar. For example, if full-year price is US\$15 the half-year rate will be US\$8. **Air freight prices are full-year only.**

CUT-OUT FORM

For Renewing IEEE Members ONLY

(cannot be used by renewing IEEE Society Affiliates)

IEEE has reduced dues plans for retired, unemployed and minimum income individuals. If you qualify, check the appropriate box, complete and sign the form, and return it with your renewal invoice. You can choose **ONLY ONE** of the special circumstance options.

PLEASE PROVIDE YOUR:

Name _____

IEEE MEMBER NUMBER:

- RETIRED** You must be at least 62 years of age and not employed. You pay: 50% of your current dues/assessments • 50% of your Society dues for any Society you have belonged to for at least 5 years • 50% of the cost of the publications for those Societies • All other publications and Society memberships of less than 5 years must be paid in full.
- UNEMPLOYED** If you are unemployed through involuntary termination and are actively seeking employment, you pay 50% for all dues/assessments, Society dues and publications.
- MINIMUM INCOME** If your 2005 annual income (gross, unadjusted income including all benefits and services from any source) did not exceed US\$12,300, you pay: 50% of your current dues/assessments • 50% of one Society (your choice) and its optional publications.

STUDENTS If you are still a registered graduate or undergraduate student for the 2006-2007 academic year and currently taking at least 50% of a full-time academic program in an IEEE-designated field of interest, please complete the online renewal form at www.ieee.org/renewal. You can reinstate your student membership status by completing the online renewal form and using the link for Special Circumstances contained within the form (subject to the existing rules governing Student membership).

IEEE Code of Ethics

WE, THE MEMBERS OF THE IEEE, in recognition of the importance of our technologies in affecting the quality of life throughout the world, and in accepting a personal obligation to our profession, its members and the communities we serve, do hereby commit ourselves to the highest ethical and professional conduct and agree:

- 1.** to accept responsibility in making decisions consistent with the safety, health, and welfare of the public, and to disclose promptly factors that might endanger the public or the environment;
- 2.** to avoid real or perceived conflicts of interest whenever possible, and to disclose them to affected parties when they do exist;
- 3.** to be honest and realistic in stating claims or estimates based on available data;
- 4.** to reject bribery in all its forms;
- 5.** to improve the understanding of technology, its appropriate application, and potential consequences;
- 6.** to maintain and improve our technical competence and to undertake technological tasks for others only if qualified by training or experience, or after full disclosure of pertinent limitations;
- 7.** to seek, accept, and offer honest criticism of technical work, to acknowledge and correct errors, and to credit properly the contributions of others;
- 8.** to treat fairly all persons regardless of such factors as race, religion, gender, disability, age, or national origin;
- 9.** to avoid injuring others, their property, reputation, or employment by false or malicious action;
- 10.** to assist colleagues and co-workers in their professional development and to support them in following this code of ethics.
