

Kuharica za pregledavanje FP6 (FP7) projekata

Ovo je "kuharica" za pregledavanje i prijavu FP6 (FP7) projekata. Prikazuje osnovne korake potrebne za pregledavanje informacija o projektima.

Potrebni sastojci: malo vremena i Web browser.

Prvi korak

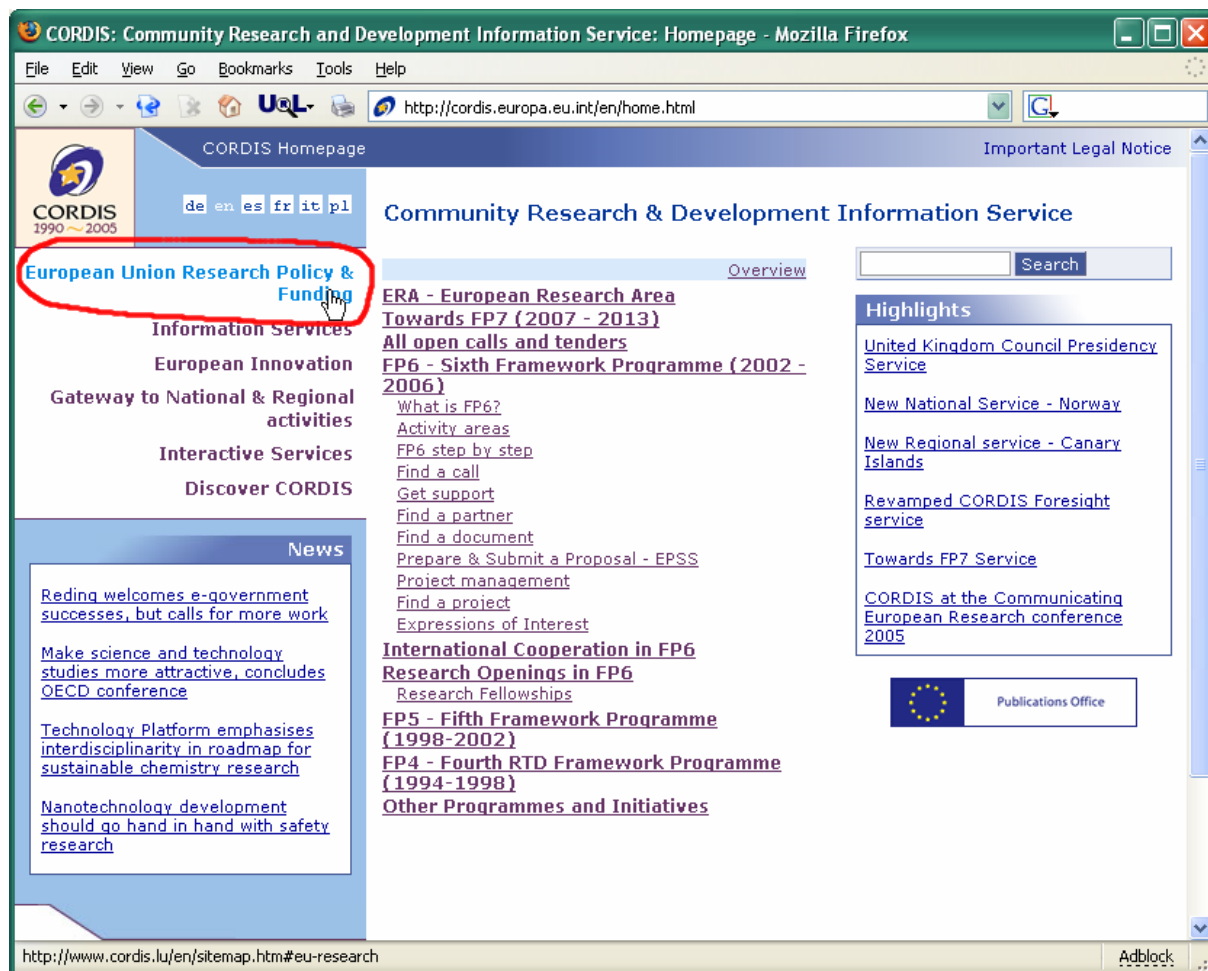

Stranica <http://www.cordis.lu> odnosno <http://cordis.europa.eu.int> ne sadrži ništa posebno. Na njoj samo odaberemo jezik, najvjerojatnije engleski!

Slika 1 – Prva (uvodna) stranica CORDIS poslužitelja

Drugi korak

Nakon odabira jezika, prelazimo na glavnu stranicu poslužitelja. Na glavnoj stranici poslužitelja CORDIS <http://cordis.europa.eu.int/en/home.html> od najvećeg interesa je prvi link s lijeve strane – *European Union Research Policy and Funding*. Prevućemo li mišju strelicu preko tog linka, u sredini ekrana pojavit će se linkovi vezani za istraživačku politiku EU i financiranje projekata.

Slika 2 – Glavna stranica CORDIS poslužitelja

Trenutno je od najvećeg značaja link FP6 – Sixth Framework Programme (2002-2006) koji vodi na osnovnu stranicu FP6 programa tj.
<http://fp6.cordis.lu/index.cfm?fuseaction=UserSite.FP6HomePage>

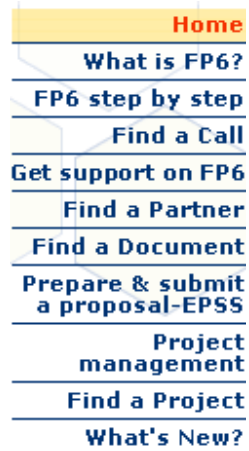

Slika 3 – Link na stranicu FP6

Slika 4 – Osnovna stranica FP6 programa

Na toj je stranici (osnovnoj stranici FP6 programa) vjerojatno najznačajniji izbornik s lijeve strane. Taj izbornik sadrži linkove na sve osnovne informacije vezane za FP6 projekte.

Slika 5 – Glavni izbornik na stranici FP6

Treći korak

U ovom koraku idemo na **Find a Call** iz izbornika na osnovnoj stranici FP6 programa kako bismo došli na stranicu

<http://fp6.cordis.lu/index.cfm?fuseaction=UserSite.FP6CallsPage>

The screenshot shows the CORDIS FP6 Home Page in Mozilla Firefox. The browser's address bar displays the URL: <http://fp6.cordis.lu/index.cfm?fuseaction=UserSite.FP6CallsPage>. The page header includes the CORDIS logo and the 'Sixth Framework Programme' banner. A navigation menu on the left side has 'Find a Call' highlighted with a red circle. The main content area is divided into several sections: 'Highlights' with links to 'A new look for International Cooperation on CORDIS - the new INCO portal', 'Norway, first Associated Country National Service now on CORDIS', and 'New calls for proposals: FP6-2005-Science-and-society-20'; 'FP6 expert evaluators', 'Advisory Groups under FP6', 'Calls for experts', and 'Expressions of Interest (EoI)'; 'FP6 New s' with a news article titled 'ESA opens doors of International Space Station to New Member States and SMEs' (dated 2005-11-25) featuring an image of the International Space Station; and 'Activity Areas' which includes 'Integrating and strengthening the European Research Area (ERA)' with thematic areas like 'Life sciences, genomics and biotechnology for health', 'Information society technologies', 'Nanotechnologies and nano-sciences, knowledge-based multifunctional materials and new production processes and devices', 'Aeronautics and space', 'Food quality and safety', 'Sustainable development, global change and ecosystems', and 'Citizens and governance in a knowledge-based society'; and 'Cross-cutting activities' like 'Research for policy support', 'New and emerging science and technology (NEST)', 'SME activities', 'International co-operation activities', and 'IRC activities'. The footer of the page shows the URL and an 'Adblock' icon.

Ovaj je popis iznimno značajan jer pokazuje područja u kojima se može predložiti projekt. Ako ideja za projekt ne spada u područje pokriveno pozivom, ne isplati se slati prijedlog projekta za taj poziv!

Riječ je o tekstu samog poziva, radnom programu, kratkom opisu FP6 i vodičima za predlažaće projekata.

Šesti korak

Ovime smo završili sve bitne korake u prikupljanju informacija o pozivima unutar FP6 programa.

Prirodno se nameće ideja da bismo morali pronaći poziv koji nas zanima. Međutim, valja znati da je većina poziva za FP6 projekte već istekla. Trenutno je u pripremi FP7 program. Ovaj će program sigurno biti sličan FP6 programu, a ono što se trenutno zna o FP7 programu može se pogledati na linku <http://www.cordis.lu/fp7/>.

Prije kraja, još dva začina - dvije vrlo važne napomene.

PRVA VRLO VAŽNA NAPOMENA:

Nakon svega što smo do sada pogledali prirodno se nameće ideja da bismo trebali prionuti na pisanje prijedloga projekta. To bi vrlo vjerojatno bilo **loše** rješenje. Predlaganje projekta i vođenje projekta **u svojstvu koordinatora** vrlo vjerojatno prelazi sposobnosti **onih koji dosada nisu sudjelovali** u FPx projektima. Najjednostavnije i **preporučljivo** rješenje je pokušati se ubaciti u neki FPx projekt preko poznatih osoba koje sudjeluju, vode ili namjeravaju voditi FPx projekte.

DRUGA VRLO VAŽNA NAPOMENA:

Predlaganje projekta i vođenje projekta **u svojstvu koordinatora** vrlo vjerojatno prelazi sposobnosti **i onih koji su već sudjelovali** u FPx projektima. Vođenje FPx projekata zahtjevnije je no što se na prvi pogled čini i predstavlja poprilično ozbiljan angažman.
